

The Affordable Care Act:  
**Insights & Actions**

## **The ACA Executive Checkpoint**

*a special opportunity to review your ACA-related decisions to ensure your best strategies*

### **A Need for Reflection**

During our recent dinner discussion, we focused on the complexities of the ACA and it's direct and potentially untended consequences on a business. The financial and organizational impacts of the ACA—it's promise and pitfalls—are just emerging. Questions abound. We offer a follow up conversation to discuss these matters as they relate to your business exclusively.

### **Key Questions to Consider**

We suggest that there are a few essential questions to explore:

1. Do you have all of the knowledge and insight you need to make the best decisions?
2. Are you fully aware of your options and their trade-offs?
3. Are you certain about, and prepared for, the financial and organizational impacts of your decisions?
4. Do you have the resources you need to provide executive insight and guidance about these issues?

### **A Time Just for You**

Let's set a convenient time to meet and discuss these questions—and other related issues that impact your business. We offer, as a professional courtesy, one hour of our time at no-charge to meet with you. This is your opportunity to talk with experienced external advisors and to brainstorm, checkpoint key decisions and get insightful perspectives and suggestions. Joining us as our ACA expert is:
